Description:

1. The cap is demountable three pieces hood, front hood closure with velcro, the middle hood can be used as collar to block wind, warmth, flexibility and convenience.
2. Stand collar design makes it more warmth.
3. Each side a double zipper pocket inside the chest.
4. Front upper piece is double layer(quilted upper layer), which can get the left and right hoop piece caught in the middle, front side closure with zipper, back side closure with velcro and snap button.
5. Each side a three-dimensional pocket with flap on front bottom piece, flap closure with snap button, leaving a side pocket opening on the back of the pocket, can be used as side pocket.
6. Cuff tied with elastic band.
